

Grandparents Raising Grandchildren Support Group Evaluation

We want to know how well the GRG Support Group works. We are asking you to answer the following questions about what you may have learned from being in the support group. It should take about five minutes of your time to complete the survey. You do not have to fill out this survey. If you decide not to fill out the survey, it will not affect your participation in future MSU Extension programs. Your answers will be anonymous and will not be identified in any way. This means that no one will know how you have answered any of the questions. If you have questions, please contact Dr. Sandy Bailey at baileys@montana.edu or (406) 994-6745.
